To: Tusayan Town Council

I am writing to express my interest in becoming a councilmember of the Town of Tusayan. I have kept current on all the issues facing Tusayan by attending almost all of the Town Council meetings, the Housing committee meetings, the budget meetings and the P & Z meetings. Also, I have attended the community meetings put on by the developers and have, recently, been attending school board meetings.

I would focus on continuing the work of the Housing committee, a five-year plan (and subsequent zoning planning), the Townsite Act, and getting Health and Welfare agencies from the County and State to send representatives to Tusayan on a regular basis.

I will be available to meet with the Council representatives any time after 3:30pm weekdays or Saturday afternoon or all day Sunday.

Bill Fitzgerald

To: Tusayan Town Council

Regarding: Vacant council member seat

My name is Cheryl Morris-Montoya and I have lived in the Grand Canyon/Tusayan area for over 14 years. I am a wife and mother who lives and works in Tusayan. I would like to express my interest in becoming a council member for the city of Tusayan. I believe that as a resident of Tusayan I would provide a vital link in helping our town grow to its full potential, to help provide a bright and better future for everyone in our new town and to make sure the best interest of the town is held to high standards.

I have not attended the town council meetings but I have kept up with the issues at hand and the challenges our new town has faced so far. I will be available to attend council meetings except for the month of January as I will be out of state but would be available by conference or any other means necessary.

I am available to meet with the council at anytime.

Sincerely,

Cheryl Morris-Montoya

To:

Tusayan Mayor Greg Bryan,

City Council Members Cecily Maniaci, Al Montoya, John Rueter,

And Tusayan Town Manager Enrique Ochoa;

My name is Robert C. Gossard and I hereby announce my intention to fill the city council vacancy left by Bob Blasi on Aug. 23.

On October 30 of this year, I will have lived in the town of Tusayan for ten years. In those ten years I've had the opportunity to meet and work alongside many long-term and short-term residents, share their fears and joys, failures and achievements. I've had the opportunity to sample many of the job and housing situations available here, working and living from middle-management positions with preferred housing to entry-level with sub-standard housing. I watched from a neutral point of view as this town has changed, one building coming down, another going up, people coming, people going, and a village becoming a town. It has been ten years. I cannot look around me anymore and pretend any longer that this is not my town, and that its citizens not my neighbors.

Most of the members of the council know me in one regard or another. I'm not very vocal, but also not so naïve as to think that my opinions will please everyone. Although not detailed in the current concerns, I'm aware, as we all are, that there those who stand to gain, and those who stand to loose. I am not under the influence of any minority or special interest groups. I do not own any land, business or home. I don't have much to loose for speaking my conscience, and concerning any issue, once as many facts can be ascertained as possible I'll make the best decision for as many people as possible, not a few select. I think I have a nature for compromise that might find a third path when two are not enough.

I have served the county and state by being an election official in the last two public elections, and have had an adopted highway for 9 years. Today's Grand Canyon News suggests that this position is "...a thankless job...". I'd like to challenge that notion and see what, together as a council, we can create for the Town of Tusayan and the people who live here.

Sincerely,

Robert C. Gossard

Town Council;

I would like to apply for the position of Town Councilman. As a resident of Tusayan for over seven years, I have seen things the need to be done and some that should have never happened. I believe that the constant battle over control of the town needs to stop and the leaders of the community need to take charge and start making things happen. With the vacancy on the council I feel that this is my chance to give something back to the community and make a difference rather just sit on the sidelines and complain about the way things are or simply go with the flow. Although I have no background in government, I feel I can do the job effectively and be of help to the town of Tusayan and the people who call this community home.

My name is James E. Christensen. I am 57 years old and moved to this area in 2004 from Eugene, OR. I have worked for Holiday Inn Express, Grand Canyon Airlines, and Grand Canyon Jeep Tours since arriving here and have good knowledge of the Tourist based economy in this area. It is my interest to make this area a year round vacation destination so the people employed in the area won't be as likely to be laid off during the slow season.

My address is P/O Box 3672, Grand Canyon AZ, 86023 (mailing) and I live at 621 Cougar Ln, Tusayan AZ. My phone # is 928-221-4763. Feel free to notify me anytime regarding this application, or if you need any further information.

Thank You,

James E. Christensen
